

Supplies:

1. Build a Watershed

Per group or individual:

- butcher paper (one side shiny) cut into 12 inch or more lengths
- water-based markers (blue, black, brown, & red)
- paper towels
- spray water bottle
- colored pencils (1 per student)

2. Mapping - Follow the Rivers

- computer
- projector
- white board
- dry erase board & markers
- printouts of maps and student directions
- color pencils or markers

3. Sum of the Parts

- large piece of poster board or newsprint (butcher paper will work too)
- drawing pens and pencils
- items from students' desks (e.g. pencil, paper clip, book)
- Project WET - Sum of the Parts (addendum)

Please note you will need to have participated in a [Project WET](#) workshop & have access to Project WET materials to fully complete this activity.
